# Do you Know?

## What is THECARD NFC Visiting Card?

Its a modern digital business card that enables seamless sharing of contact details, social profiles, and location information with a single tap on an NFC-enabled smartphone or by scanning a QR Code. It eliminates the need for an app Additionally, users can update their information anytime without reprinting.

## Where and when can you use NFC Visiting Card?

You can use it at networking events, conferences, and business meetings to instantly share your contact details, social profiles, and location information with a simple tap on an NFC-enabled smartphone, by scanning a QR Code or simply add your QR Code to a PPT slide and ask people to scan it and reach 100's of People at once.

## Why should you use THECARD NFC Visiting Card?

**Instant and Contactless Information Sharing:** A single tap or a quick QR Code scan instantly stores your contact details, eliminating the need for manual data entry while reducing the risk of errors.

**Always Up-to-Date Information:** Unlike traditional business cards that require reprinting for any updates, THECARD allows you to modify your information at any time.

**Eco-Friendly and Cost-Effective:** By reducing the need for paper and printing, it eliminates recurring costs associated with printing and distributing physical cards, making it a cost-effective solution for professionals and businesses.
