SMART NFC STANDEE / STICKER
Product Brochure

Do you Know?

What is THECARD SMART NFC STANDEE / STICKER?

THECARD SMART NFC STANDEE and STICKER are innovative tools designed to enhance customer engagement and streamline information sharing in various business settings. It features NFC technology and QR Codes to enable instant sharing of information, allowing customers to access content by simply tapping their NFC-enabled smartphones or scanning the QR Code.

Where and when can you use SMART NFC STANDEE / STICKER?

It is particularly beneficial in networking events and exhibitions, conferences providing an interactive way to share details such as contact information, social media profiles, product catalogues, and more, without the need for additional apps.

Why should you use THECARD SMART NFC STANDEE / STICKER?

Instant and Contactless Information Sharing: A single tap or a quick QR Code scan instantly stores your contact details, eliminating the need for manual data entry while reducing the risk of errors.

Always Up-to-Date Information: THECARD allows you to modify your information at any time.

Eco-Friendly and Cost-Effective: By reducing the need for paper and printing, it eliminates recurring costs associated with printing brochures and distributing physical cards, making it a cost-effective solution for professionals and businesses.
