WiFi SMART Product Brochure

Do you Know?

What is THECARD NFC Enabled WiFi Smart Card / Sticker / Standee?

THECARD NFC-Enabled WiFi Smart's are a sleek, plug-and-play solution that let guests connect to your local WiFi effortlessly - just tap with Android devices or scan the QR Code on any smartphone.

Built for diverse settings like cafés, hotels, offices, and showrooms, the standee version includes added perks like a built-in pen holder and phone docking with charging cutouts, making it more than just a smart connectivity tool.

Available as customizable cards, stickers, or table-top standees, these NFC-enabled assets are branded to your preferences, reusable, durable, and eco-friendly - no need to print password sheets again.

Where and when can you use THECARD NFC Enabled WiFi Smart Card / Sticker / Standee?

Hospitality & service venues: Cafés, restaurants, hotels, resorts, showrooms, retail stores, coworking spaces, event halls, and office reception areas--guests just tap (Android) or scan QR (Android/iOS) to connect instantly.

Whenever you want to replace messy paper passwords: Eliminate printed WiFi slips and cut down stale support requests - eco-friendly and sleek.

Function meets form with the standee version: Perfect on reception desks or counters, combining WiFi, Pen holder, mobile docking, and charger cutouts for a multi-purpose workspace display.

Do you Know?

Why should you use THECARD NFC Enabled WiFi Smart Card / Sticker / Standee?

Effortless, password-free access: Android users just tap to connect instantly; iOS users scan the embedded QR Code, eliminating fumbling with passwords or manual input.

Customizable, durable and eco-conscious: Fully branded designs with high-quality materials mean long-lasting use and less paper waste compared to traditional printed WiFi info.

Multifunctional design for modern spaces: The standee model doubles as a pen holder and phone dock, making it ideal for receptions, cafés, coworking areas, or any venue needing both convenience and style.
